# Retirement Checklist for the University of Oregon

The following is a recommended list of action items to assist you in your retirement planning:

## Section A - Up to 24 Months Prior to Retirement

1. Make a folder for Retirement. Retirement requires gathering many types of documents and information from many sources. We recommend that with each new piece of information you acquire, you keep it in one central location.

2. Identify your HR Retirement Plans.

3. Identify a potential retirement date. Based on the information you gather this date may change:
   - Tier I & II - Eligibility to Retire
   - Tier III OPSRE - Eligibility to Retire
   - ORP - Eligibility to Retire (pg 23) PERS Benefit Comparison
   - Social Security Benefits by Year of Birth

4. Schedule a preliminary meeting with a financial advisor to discuss your readiness to retire (check with your bank, credit union, Employee Assistance Program, Fidelity, TIAA-CREF, Value).

5. Attend a pre-retirement planning session.

6. Obtain your preliminary online and written PERS estimate or account balance (if applicable). You will need your social security number, hourly and monthly pay information, as well as your sick and vacation hours before you log into the PERS website.

7. Obtain your PERS IAP Balance (if applicable) – by calling PERS at 1-888-320-7377. To set-up online access to your IAP account, you will need to request a password. Once you have your balance, use the IAP Estimator to approximate your IAP Balance at retirement.

8. If you are an ORP participant obtain your ORP Plan account balance (if applicable). ORP Information (see page 12) Fidelity/Oregon Public Universities TIAA-CREF/Oregon Public Universities Value

9. Build a retirement budget by reviewing all income and expenses in retirement.

10. Make copies of your legal document (e.g., birth certificate, marriage certificate, or divorce decree).

11. Review your beneficiary designations with financial institutions (banks, credit unions), employer, investment companies, and retirement plans.

12. Review your address and emergency contact information with the appropriate agencies and institutions.

13. If you don't have a living will or trust consider creating one to add to your retirement folder. Search the internet for free online services or contact the Employee Assistance Program.

14. Create a contact list of financial information (life insurance, wills, trusts, etc.) for your family and yourself in post-retirement.

15. Keep an eye on congress and changes affecting pension plans:

This checklist is a tool to assist you in your retirement planning. It does not constitute legal or financial advice from the University of Oregon. We recommend you work with a certified financial advisor to review the information you’ve gathered above.
