The committee evaluates candidates for tenure and/or promotion and writes reports that summarize the candidates' records and represent faculty perspectives that are obtained through a balloting process. The report will also offer recommendations as to whether a given candidate should be granted tenure and/or promotion to associate professor.

Promotion. The committee evaluates candidates for promotion to full professor from associate professor, and to Senior Instructor I or II from Instructor or Senior Instructor I, respectively. The committee writes reports that summarize the candidates' records and represent faculty perspectives through a balloting process. The report will also offer recommendations as to whether a given candidate should be promoted to full professor.

Tenure and Promotion Reviews from the Department of Dance. The committee receives tenure and/or promotion cases from the Department of Dance. The committee does not solicit comments and votes on the dance cases from the music faculty, but rather writes reports based on previously created reports authored by both the Department of Dance Personnel Committee and the Head of the Department of Dance.

Pre-Tenure Review. The committee evaluates the work of untenured tenure-track faculty and writes reports that summarize the candidates' records and represent faculty perspectives through a balloting process. The report will also offer observation and commentary both to affirm and congratulate successes and to provide critical and corrective guidance.

Post-Tenure Review. The committee evaluates the work of tenured faculty and writes reports that summarize the candidates' records. The report will also offer observation and commentary both to affirm and congratulate successes and to provide critical and corrective guidance.

Administrative Review. The committee evaluates the work of School of Music and Dance administrators including assistant and associate deans and the head of dance (excluding the dean of the school who is reviewed through the provost's office) and writes reports that summarize the candidates' records and represent faculty perspectives through a balloting process. The report will also offer observation and commentary both to affirm and congratulate successes and to provide critical and corrective guidance.

Personnel Policy and Procedure Review. The committee considers and recommends the implementation of new policies or procedures, and revisions to existing policies and procedures that are related to the evaluative reviews described above.
* This committee is different from the three-member personnel committee of the Department of Dance. The Department of Dance Personnel Committee evaluates dance faculty members in similar actions and writes evaluative reports that are presented to the head of dance. Both the report authored by the Department of Dance Personnel Committee and the report authored by the Head of the Department of Dance are then forwarded to the School of Music and Dance Personnel Committee for further review and analysis. The Department of Dance "Statement of Promotion and Tenure Review" submitted to the Office of the Provost in December 2006 contains specific descriptions of the dance department's review procedures.
